

S.M. Husain

Consultant - Systems and Operations

Mahboob Husain is a professional banker with over 45 years of financial and IT systems experience.

He set up a commercial bank and an Investment bank in Pakistan and later worked as CEO of two Investment Banks. He worked in Saudi Arabia for eleven years with the largest and second-largest commercial banks as Technology Head and as Head of the Investment Division respectively, that included financial and systems work.

Following this, he headed the IT Group of Pakistan's second-largest bank. He was also a member of the SAMA committees for clearing and legislation for mutual funds. His current responsibilities as part of Advisory Services include review of IT services, good practice, and banking operations at iibGroup.

He has a B.Sc degree from Punjab University, Lahore and has completed several international courses in Finance and IT.
